

Hillfield Strathallan College
Here Excellence is a Way of Life

JUNIOR SCHOOL

JUNIOR KINDERGARTEN TO GRADE 4, THE LIFE-LONG LEARNING JOURNEY BEGINS HERE.

THE LIFE-LONG LEARNING JOURNEY BEGINS HERE

For decades, Hillfield Strathallan College has been providing exceptional early education programs in our accredited Junior and Montessori Schools. Our early education programs are designed to foster a life-long love of learning and provide our youngest students with a great beginning to their educational journey. The College offers a student-centred, safe and caring environment where young minds can flourish and grow.

One of the unique features of our early education program is the option to choose the program best suited for the nurturing of your child's ability and preferred learning style. Both the Junior and Montessori schools offer a different approach to active, inquiry-based, hands-on learning for students to develop key 21st century skills through exploration and discovery. Each program is designed to prepare your child for entry into Grade 5.

Our early education programming is guided by our experienced, dedicated and dynamic faculty. The students' learning is integrated into the College's overall curriculum and follows a progressive continuum.

This provides a natural transition into the Middle and Senior Schools.

In addition to the core curriculum, we offer French, music, art, physical education, and information technology. At Hillfield Strathallan College, learning occurs both inside and outside of the classroom. Students have access to a wide variety of resources, including our extensive campus facilities, beautiful grounds, and a multitude of educational tools.

*I really appreciate how we get to
be friends from JK to Grade 12.
We know all the teachers and
are familiar with everyone.*

*The teachers really
care about you.*

Current Grade 4 Student

Learning is fun. Students need only to be convinced. As educators, we feel it is our responsibility to provide a learning environment in which students feel safe to take risks, grow and learn – to ensure each student’s learning experience is absolutely the most exciting and eclectic one of his or her lives.

Mr. Adam Carswell, Junior School Principal

What Makes Us Exceptional

- Professionally certified, dedicated faculty who continue growth through life-long learning.
- An academic program that is fun, innovative and engaging with the goal of fostering 21st century skills.
- Exceptional full-day JK and SK programs have been in place for decades.
- All students in Grades 1-4 participate in our co-curricular activities that support a broad range of abilities and interest.
- The value of leadership is learned through programs such as Peer Mediation, reading buddies, and lunch partners.
- Exciting French, music, art, physical education and information technology classes.
- The opportunity for students to remain at one College for their entire educational journey.
- Outdoor education and off-site field trips enhance students' studies through real-life experiences.
- Positive character is explicitly taught through our unique Tips for a Happy Life program.

My son has shared comments like, “This school is different, I really appreciate how hard my teachers work to help me.” I now have a child that feels valued and accepted. I am so grateful for what HSC has done for my child and my family.

Tanya Sarakinis, Junior School Parent

Facilities and Resources

- Our campus has fifty acres of beautifully manicured grounds which includes extensive athletic fields and playground areas to engage students in recreation, play and physical activity.
- The Artsplex Theatre is fully-equipped and seats 400 students.
- Students have access to three gymnasiums.
- The sensorial garden is a large, enclosed, well-supervised area which incorporates play structures and sand boxes for our youngest students.
- There are a variety of spaces devoted to our extensive rotary programs including: a French Room, the Elementary Library, a Computer Lab, a Music Studio, and a dedicated Early Education Gymnasium.
- Each student has an individual locker in the hallway.
- After school care is available for full-day students from JK to Grade 4 until 5:00 p.m.
- The Swap Centre is our interactive science museum where students can collect, research and swap objects of interest.

Value-Added Services

Included in the annual tuition fee, Hillfield Strathallan College provides the following value-added services:

- Daily main-route bus transportation for all full-day students.
- Nourishing family-style lunch for all full-day students in our dining hall, as well as nutritious snacks 2-3 times daily.
- Comprehensive student services and professional counselling.
- Integrated learning services for students who learn differently.
- Special events such as Literacy Night, parent education and student concerts.
- Full-time Registered Nurse and Registered Practical Nurse on staff.
- All auxiliary employees, including maintenance, food services and transportation services, are employees of HSC.
- Integrated technology, including desktop and laptop computers, SMART Boards, iPods in Grade 4 and sound field amplification systems.
